

OffshoreCrew

A man with a beard, wearing a dark t-shirt, is shown in profile from the chest up. He is holding a black handheld radio to his mouth with his right hand. He is standing in front of a large window that looks out onto a bright, hazy sea. The interior of the room has blue walls and various pieces of equipment, including a control panel with many buttons and knobs in the foreground. A yellow emergency call button is visible on the wall to the left.

About us

OffshoreCrew AS is a recruitment consultancy company based in Kristiansand at the southern coast of Norway.

Our aim is to provide clients and candidates with a better, faster and more accessible recruitment service - covering all seabased industries such as traditional Offshore Oil & Gas, Maritime, Cruise, Marine & Aquaculture and emerging Floating Renewable Industries.

Our mission

We believe in people rather than money, and we strive to apply our signature philosophy both towards Clients, Candidates and Internal staff.

There is simply no other Recruitment Company that can claim to be doing the same.

Our recruitment system

In addition to Traditional Recruitment Consultancy we offer both Clients and Candidates access to our unique e-Crew Personnel Database, facilitating Job posts, CV Search and direct recruitment of personnel/candidates based on requested knowledge and experience.
